Prof. Alan Bakalinsky

Associate Professor Department of Food Science and Technology at Oregon State University

Office address: Wiegand Hall, 3051 SW Campus Way, Corvallis , OR,97331

Email: alan.bakalinsky@oregonstate.edu

Website: <http://oregonstate.edu/foodsci/people/alan-bakalinsky>
main contact person at GESAAF: Paola Domizio

Short bio

He did the university studies at the University of California, Davis where he obtained his B.S. degree in Fermentation Science, an M.S. in Food Science with specialization in Enology, and a Ph.D. in Microbiology.

Research interests

His research focuses on fermentation with a specific interest in the yeast *Saccharomyces cerevisiae*. His group discovered key genes that contribute to the natural sulfite resistance of wine strains of this species.

aims and activities related to the visit

Seminar: Acetic acid toxicity and tolerance in the yeast *Saccharomyces cerevisiae* (5 dicembre 2016, Aula Magna Scuola di Agraria, Università degli Studi di Firenze)

Papers in collaboration (in Scopus or WoS)
